This is a list of contractors who have recently, and/or are currently, working on homes in Big Canoe. The POA does NOT attest or verify that any of these contractors' licensing or insurance is current; nor does the POA recommend or endorse any of the contractors on this list. This is merely a list of "Sub-Contractors" in Big Canoe. The POA does not publish this list as an endorsement or validation of these contractors, but rather the POA makes this resource available to the POA Members only as a resource of contact information for contractors who are active in the community. The POA recommends that each homeowner verify references, licensing, insurance documentation, etc., before hiring a contractor.
